as the case requires.

- (2) Despite subsection (1) and anything to the contrary in the construction contract, a claimable variation may be taken into account in calculating the amount of a progress payment to which a person is entitled in respect of that construction contract.
- (3) Despite subsection (1) and anything to the contrary in the construction contract, an excluded amount must not be taken into account in calculating the amount of a progress payment to which a person is entitled in respect of that construction contract.

10A Claimable variations

- (1) This section sets out the classes of variation to a construction contract (the *claimable variations*) that may be taken into account in calculating the amount of a progress payment to which a person is entitled in respect of that construction contract.

S. 10A
inserted by
No. 42/2006
s. 11.

s. 10A

-
- (2) The first class of variation is a variation where the parties to the construction contract agree—
- (a) that work has been carried out or goods and services have been supplied; and
 - (b) as to the scope of the work that has been carried out or the goods and services that have been supplied; and
 - (c) that the doing of the work or the supply of the goods and services constitutes a variation to the contract; and
 - (d) that the person who has undertaken to carry out the work or to supply the goods and services under the contract is entitled to a progress payment that includes an amount in respect of the variation; and
 - (e) as to the value of that amount or the method of valuing that amount; and
 - (f) as to the time for payment of that amount.
- (3) The second class of variation is a variation where—
- (a) the work has been carried out or the goods and services have been supplied under the construction contract; and
 - (b) the person for whom the work has been carried out or the goods and services supplied or a person acting for that person under the construction contract requested or directed the carrying out of the work or the supply of the goods and services; and
 - (c) the parties to the construction contract do not agree as to one or more of the following—
 - (i) that the doing of the work or the supply of goods and services constitutes a variation to the contract;

-
- (ii) that the person who has undertaken to carry out the work or to supply the goods and services under the construction contract is entitled to a progress payment that includes an amount in respect of the work or the goods and services;
 - (iii) the value of the amount payable in respect of the work or the goods and services;
 - (iv) the method of valuing the amount payable in respect of the work or the goods and services;
 - (v) the time for payment of the amount payable in respect of the work or the goods and services; and
- (d) subject to subsection (4), the consideration under the construction contract at the time the contract is entered into—
- (i) is \$5 000 000 or less; or
 - (ii) exceeds \$5 000 000 but the contract does not provide a method of resolving disputes under the contract (including disputes referred to in paragraph (c)).
- (4) If at any time the total amount of claims under a construction contract for the second class of variations exceeds 10% of the consideration under the construction contract at the time the contract is entered into, subsection (3)(d) applies in relation to that construction contract as if any reference to "\$5 000 000" were a reference to "\$150 000".

Example

A building contractor enters into a construction contract. The consideration (*contract sum*) under the contract at the time the contract is entered into is \$3 million. The contract contains a dispute resolution clause. The contractor

undertakes work at the direction of the other party.
The contractor claims (the *new claim*) that the work is a variation to the contract. The other party does not agree that the work constitutes a variation to the contract (*disputed variation*). The contractor has already made a number of claims for disputed variations under the contract. The new claim brings the total amount of claims for disputed variations under the contract to \$350 000. This amount exceeds 10% of the contract sum. As the contract sum exceeds \$150 000 and the contract contains a dispute resolution clause, the disputed variation in the new claim and all subsequent disputed variations under the contract will not be claimable variations under this Act.

No. 42/2006
s. 11.

10B Excluded amounts

- (1) This section sets out the classes of amounts (*excluded amounts*) that must not be taken into account in calculating the amount of a progress payment to which a person is entitled under a construction contract.
- (2) The excluded amounts are—
 - (a) any amount that relates to a variation of the construction contract that is not a claimable variation;
 - (b) any amount (other than a claimable variation) claimed under the construction contract for compensation due to the happening of an event including any amount relating to—
 - (i) latent conditions; and
 - (ii) time-related costs; and
 - (iii) changes in regulatory requirements;
 - (c) any amount claimed for damages for breach of the construction contract or for any other claim for damages arising under or in connection with the contract;

- (d) any amount in relation to a claim arising at law other than under the construction contract;
- (e) any amount of a class prescribed by the regulations as an excluded amount.

11 Valuation of construction work and related goods and services

- (1) Construction work carried out or undertaken to be carried out under a construction contract is to be valued—

- (2) A payment claim—
 - (a) must be in the relevant prescribed form (if any); and
 - (b) must contain the prescribed information (if any); and
 - (c) must identify the construction work or related goods and services to which the progress payment relates; and
 - (d) must indicate the amount of the progress payment that the claimant claims to be due (the *claimed amount*); and
 - (e) must state that it is made under this Act.
- (3) The claimed amount—
 - (a) may include any amount that the respondent is liable to pay the claimant under section 29(4);
 - (b) must not include any excluded amount.

Note

Section 10(3) provides that a progress payment must not include an excluded amount.

- (a) the period determined by or in accordance with the terms of the construction contract in respect of the carrying out of the item of construction work or the supply of the item of related goods and services to which the claim relates; or

- (7) Nothing in subsection (6) prevents a payment claim for a claimed amount in respect of a final, single or one-off payment being served under this Act in respect of a construction contract if—

- (a) a claim for the payment of that amount has been made in respect of that payment under the contract; and
 - (b) that amount was not paid by the due date under the contract for the payment to which the claim relates.
- (8) A claimant cannot serve more than one payment claim in respect of each reference date under the construction contract.

- (4) If the claimant has paid the respondent's share of the adjudication fees in relation to the adjudication or the adjudication review fees in relation to any adjudication review (as the case requires) but has not been reimbursed by the respondent for that amount (the *unpaid share*), the claimant may request the authorised nominating authority to specify the unpaid share in the adjudication certificate.
- (5) If the respondent has paid the claimant's share of the adjudication review fees in relation to any adjudication review but has not been reimbursed by the claimant for that amount, the respondent may request the authorised nominating authority to specify that share of the fees in the adjudication certificate.
- (6) If the unpaid share is specified in the adjudication certificate it is to be added to, and becomes part of, the adjudicated amount.

- (3) If the affidavit indicates that part of the amount payable under section 28M or 28N has been paid, judgment may be entered for the unpaid portion of that amount only.
- (4) Judgment in favour of a person is not to be entered under this section unless the court is satisfied that the person liable to pay the amount payable under section 28M or 28N has failed to pay the whole or any part of that amount to that first-mentioned person.
- (5) If a person commences proceedings to have the judgment set aside, that person—

- (7) A claimant may not bring proceedings under this section to recover an adjudicated amount under an adjudication determination if the claimant has made an adjudication review application in respect of that determination and that review has not been completed.

29 Claimant may suspend work

- (1) A claimant may suspend the carrying out of construction work or the supply of related goods and services under a construction contract if at least 3 business days have passed since the claimant has caused a notice of intention to do so to be given to the respondent under section 16, 17 or 28O.
- (2) The right conferred by subsection (1) exists until—
- (a) if the construction contract provides for a period of at least 1 business day for a return to work after the claimant receives payment from the respondent of an amount referred to in section 16(1), 17(1), 28M or 28N, the end of that period; or

- (a) an adjudicator or a review adjudicator has determined that an adjudicated amount or part of an adjudicated amount is payable by a respondent to a claimant in respect of a construction contract; and
- (b) the respondent fails to pay the whole or any part of the adjudicated amount to the claimant in accordance with section 28M or 28N; and
- (c) the claimant has obtained judgment for the adjudicated amount or part of the adjudicated amount as a debt in a court of competent jurisdiction.

31 Recovery from principal

- (1) If the circumstances set out in section 30 apply, the claimant may obtain payment of the adjudicated amount or part of that amount in accordance with this Division out of money that is payable or becomes payable to the respondent by some other person (the *principal*) for construction work or goods and services that the principal engaged the respondent to carry out or supply under a contract.
- (2) However, the claimant can obtain payment from the principal under this Division only if the construction work carried out or the goods and services supplied by the claimant to or for the respondent under the construction contract are, or are part of or incidental to, the construction work or goods and services that the principal engaged the respondent to carry out or supply.

amended by
No. 42/2006
s. 31(3).

S. 31(3)
inserted by
No. 42/2006

- (3) Subsection (1) does not apply to allow the claimant to obtain payment from a person who has engaged the respondent to carry out construction work or to supply goods and services under a construction contract exempted from this Act under section 7(2)(b) or 7(2)(ba).

32 Procedure for obtaining payment

- (1) The following procedure must be followed to obtain payment of the money owed—
- (a) firstly, a debt certificate must have been issued for the money owed (as provided by section 33); and
 - (b) secondly, the claimant must serve a notice of claim on the principal.
- (2) A notice of claim is a notice in the prescribed form together with a copy of the debt certificate.

33 Certification of debt by court

- (1) When judgment is given or entered in proceedings for the recovery of an adjudicated amount as a debt, the court may, by order made on the application of the claimant, issue a certificate (a *debt certificate*) in respect of the debt under this section.
- (2) A debt certificate is to be in a prescribed form.
- (3) In this section, *judgment* includes a default judgment.

34 Notice of claim operates as assignment of debt

- (1) The service of a notice of claim on the principal operates to assign to the claimant the obligation of the principal to pay the money owed under the contract to the respondent.
- (2) The assignment is limited to the claimant's certified debt.

-
- (3) The assignment is subject to any prior assignment under this Division that is binding on the principal and the respondent.

35 Payment of respondent's debt by principal

- (1) After a notice of claim is served on a principal in accordance with this Division, the principal must pay to the claimant the money that the principal owes to the respondent under the contract with the respondent.
- (2) The principal must make the payments to the claimant as they become payable under the contract with the respondent until whichever of the following first occurs—
- (a) the principal receives a discharge notice or discharge notices, indicating that the certified debt has been fully discharged; or
 - (b) the payments are no longer payable under the contract between the principal and the respondent.

36 Priority of assignments

- (1) The priority of assignments under this Division is to be determined by the order of service of notices of claim on the principal.
- (2) All notices of claim in respect of debts owed by the same respondent that are served on the principal within the period of 7 days after the first notice of claim in respect of the respondent is served on the principal are taken to be served at the same time and, accordingly, take equal priority.
- (3) Despite section 35, the principal is not to make any payment to a claimant who serves a notice of claim until that 7 day period has elapsed.

-
- (4) If assignments take equal priority, the principal is to make the payments by distributing the money payable between the claimants who have equal priority pro rata in proportion to the amount of their respective certified debts.
 - (5) The principal must continue to make those payments to each claimant until whichever of the following first occurs—
 - (a) the principal receives a discharge notice, or discharge notices, indicating that each certified debt has been fully discharged; or
 - (b) the payments are no longer payable under the contract.

37 Stay of payments

- (1) If—
 - (a) a notice of claim is served on a principal under this Division in relation to the payment of money owed to a respondent under a contract; and
 - (b) before the notice was served, the principal had commenced proceedings in a court against the respondent in relation to that contract—

the principal may apply to the court for a stay of payments under this Division in respect of the notice of claim.

- (2) The court may grant a stay applied for under subsection (1) and make any ancillary orders it considers necessary.
- (3) Despite anything to the contrary in this Division, if a stay is granted under this section the principal is not required to make payments under this Division for the period of the stay.

38 Right of recovery if principal fails to pay

- (1) An assignment effected by operation of this Division is valid at law.
- (2) Accordingly, if the principal fails to make any payment required to be made by this Division, the claimant may sue for and recover the debt assigned to the claimant, in the claimant's own name.
- (3) Proceedings for recovery of the debt may be taken in any manner in which the respondent might have taken them if there had been no assignment.
- (4) A claimant's right of recovery under this section is subject to any defence that the principal would have had against recovery of the debt by the respondent had there been no assignment, other than a defence based on something done by the principal after the notice of claim was served by the claimant.

Example

If the principal continues to make contract payments to the respondent, rather than the claimant, after having been served with a notice of claim, the claimant is still entitled to recover the money from the principal.

39 When assignment ceases to operate

- (1) If a certified debt is discharged, or the judgment that resulted in a debt certificate being issued in respect of the certified debt is set aside by a court, any assignment effected by operation of this Division in connection with that debt ceases to operate.
- (2) If only part of the certified debt is discharged, the assignment effected in respect of that part of the certified debt ceases to operate.

- (3) This section does not affect any payment or dealing that is made by a principal in good faith before the principal receives notice, and sufficient evidence of, the discharge or setting aside of the debt. To the extent necessary to give effect to that payment or dealing, the assignment effected by operation of this Division is taken to continue in force.

Note

If a principal makes a payment to a claimant (as required by section 35), instead of paying the respondent, without knowing that the debt owed to the claimant has been discharged by the respondent, this section protects the principal from being required by the respondent to make payment to the respondent.

40 Claimant to provide discharge notice

- (1) If a principal or the respondent makes a payment to the claimant in partial or full discharge of a certified debt, the claimant must, on the request of the person making the payment, give the person a discharge notice in respect of the payment.
- (2) A discharge notice must—
- (a) be in the prescribed form; and
 - (b) acknowledge the payment of the amount paid; and
 - (c) be signed by the claimant.
- (3) If the claimant does not give the notice within 7 days of the payment and request, the claimant is to forfeit and pay to the person who made the payment a sum equal to the amount paid.
- (4) The person who made the payment may recover the forfeited amount in any court of competent jurisdiction as a debt due to the person.

41 Respondent to give information about principal

- (1) If an adjudication determination has been made under this Part in respect of a construction contract, the respondent must, on the demand of the claimant, supply to the claimant a notice in the prescribed form that sets out the name of any person from whom the claimant may be able to recover the adjudicated amount or part of the adjudicated amount under this Division.
- (2) A person who gives or purports to give a person a notice under this section knowing that it is false or misleading in a material particular is guilty of an offence and liable to a penalty of up to 60 penalty units.
